PRESS RELEASE

FOR IMMEDIATE RELEASE

2007 Household Hazardous Waste Collection

Open 5 days a week from 8am-1pm, and on weekends listed below

MARCH 3, 8AM – 1PM

FIRST WEEKEND COLLECTION EVENT OF 2007

March 3, 2007 marks the first HHW weekend collection day of the year – and it also brings the opportunity for Rockland County residents to deliver a new kind of material to the facility – this year’s additions include freon-containing window air conditioners.

RCSWMA Chairman, Ramapo Supervisor Christopher P. St. Lawrence says, “Recent years have seen this program grow to become the only permanent HHW Facility in the State of New York open five days a week – and on listed weekend dates throughout the year. The wide array of acceptable materials also puts this facility at the top among other HHW facilities in the State. We have also initiated important compassionate re-use programs such as donation of refurbished cell phones to domestic abuse victims, and re-programmed computers to the needy. With our successful track record, and the support of our community, it’s no wonder that our Rockland facility received half the State’s funding to boost our program. The Solid Waste Management Authority promotes sound environmental programs – and our most valuable reward is a cleaner, healthier, safer community – right now, and for the future.”

The RCSWMA HHW Facility is located on Firemans Memorial Drive just off Route 45, near exit 12 of the Palisades Parkway. For directions and further information, visit the Authority’s website at www.rocklandrecycles.com.

[See page 2 for the calendar year of weekend drop-off dates, and attachments for the new 2007 Annual HHW Brochure]
